

FROM THE DESK OF  
Pastor Tim Newton - Program Director

To Whom it may concern:

It is with great enthusiasm that I write this letter of recommendation for Keith Reed aka Coach Reed. For years he has served our community mentoring young boys and girls. Utilizing his knowledge and talent in the arena of boxing he has mentored some of our young men and women out of gangs and troubled situations. I have personally seen his endeavor to reach young people comes on hard times, whether financially, or other, but through all of it he has been consistent to stay the course of reaching our community.

It brings me great joy and pleasure to call Coach Reed an ally and friend in reaching the boys and girls of Tulsa. Whether it is your time, talent, or treasure I would defiantly recommend this organization as an organization that is doing great work not just in North Tulsa but Tulsa as a whole.

For our community,
